

# CONSUMER MATH

Consumer math students learn basic math skills as well as checking accounts, deposits, bank statements, data analysis, and fractions. They learn the metric system and basics in geometry.

## CM101

Chapter 1: Adding Whole Numbers

Section 1: Addition

Section 2: Positive and Negative Numbers

Chapter 2: Checking and Decimals

Section 1: Checking

Section 2: Decimals

Chapter 3: Percentages and Application

Section 1: Percentages

Section 2: Application

## CM102

Chapter 1: Subtracting Whole Numbers

Section 1: Subtraction

Section 2: Borrowing in Subtraction

Chapter 2: Positive and Negative Numbers and Decimals

Section 1: Positive and Negative Numbers

Section 2: Subtracting Larger Numbers

Section 3: Decimals

Section 4: Percentages

Chapter 3: Subtraction of Multiple Numbers and Application

Section 1: Subtraction of Multiple Numbers

Section 2: Mixed Questions

Section 3: Application

## CM103

Chapter 1: Checking Accounts and Checks

Section 1: Banks and Checking Accounts

Section 2: Parts of a Check

Chapter 2: Deposits and Deposit Slips

Section 1: Deposits and Deposit Slips

Section 2: Checking Addition and Subtraction

Chapter 3: Check Rosters, Bank Statements, and Balancing

Section 1: Bank Statements

## CM104

Chapter 1: Multiplying Whole Numbers and Decimals

Section 1: Multiplication

Section 2: Multiplying Numbers with Multiple Digits

Section 3: Multiplying Numbers with  
Decimals

Chapter 2: Multiplication Questions with More Digits and Signed Numbers

Section 1: Multiplication Questions with More Digits

Section 2: Multiplying Signed Numbers

Section 3: Multiplying Percentages

Chapter 3: Questions of Multiple Operations and Application

Section 1: Questions of Multiple Operations

Section 2: Application

CM105

Chapter 1: Dividing Whole Numbers

Section 1: Division

Section 2: Division Written Vertically

Section 3: Remainders

Section 4: Long Division

Chapter 2: Division with Decimals, Signed Numbers, and Checking

Section 1: Division with Decimals

Section 2: Division with Signed Numbers

Section 3: Checking Multiplication Using Division

Section 4: Checking Division Using

Multiplication

Chapter 3: Questions of Multiple Operations and Application

Section 1: Questions of Multiple Operations

Section 2: Application

CM106

Chapter 1: Fractions

Section 1: Principles of Fractions

Section 2: Proper Fractions, Improper

Fractions, and Mixed Numbers

Section 3: Reducing Fractions

Section 4: Adding and Subtracting Fractions

Section 5: Manipulation of Improper

Fractions, and Mixed Numbers

Section 6: Multiplying Fractions

Chapter 2: Least Common Denominators, Division and Signed Numbers

Section 1: Least Common Denominators

Section 2: Dividing Fractions

Section 3: Signed Numbers

Chapter 3: Percentages, Multiple Operations, and Application

Section 1: Converting Fractions to

Percentages

Section 2: Converting Percentages to

Fractions

Section 3: Questions Requiring Multiple

Mathematical Operations

Section 4: Application
